

**PHYSICAL DATA:**

|                         |  |
|-------------------------|--|
| <b>Physical State</b>   | Liquid   |
| <b>Color</b>            | Yellow to Brown Color                                    |
| <b>Odor</b>             | Aromatic   |
| <b>Relative density</b> | 0.905 – 0.995 (16 Deg C)                                 |
| <b>Viscosity</b>        | Kinematic (40 Deg C) 20 cst <b>Flash</b>                 |
| <b>point (Color)</b>    | > 50 Deg C   |
| <b>Solubility</b>       | Soluble in Aromatic Solvents and insoluble in cold water |
